JEROME SCHNEIDER

*is America's leading authority
on offshore banking and money havens
and a noted author, lecturer and consultant*

In 1977, he introduced the concept of establishing private international banks for individuals in the first book of its kind, *How to Profit and Avoid Taxes by Organizing Your Own Private Bank*. Since then he has written five additional books on the subject, including the widely-read and quoted *Complete Guide to Offshore Money Havens*.

You may have seen Jerome Schneider on CNN, CNBC or other major channels or heard him on ABC Radio and the Business Radio Network.

He has advised and assisted the heads of several governments in rewriting their tax and banking laws to offer more attractive benefits to investors.

Jerome Schneider, with twenty one years of experience, has helped over one thousand clients go offshore. He is regularly retained by Fortune 500 companies and their CEO's as a consultant to apprise them of the benefits and tax saving opportunities that can be achieved by using the world's offshore financial centers.
